

Unlock your eSIM platform with Mesh

Enable faster, easier eSIM subscriber growth with Workz's Multi-tenant eSIM Hub (MeSH) the first interoperable open eSIM solution that overlays a telco's existing eSIM management platform enabling them to manage multiple tenants, sales channels, and platforms all with optimal efficiency and scalability from a single unifying solution.

What can I manage with MeSH?

Multiple tenants

Multiple platforms

Multiple sales channels

Multiple sites

Who does MeSH help?

Telcos with multiple vendors

Telcos with vertical specialists

Telcos with resellers

Telco groups with multiple entities

Workz eSIM overview

- Proven subscriber growth for **130+** telcos and **70+** countries
- Top 5 eSIM provider and leader in eSIM cloud
- Top 10 SIM producer
- Complete suite of solutions for management of the eSIM lifecycle
- Fully secure, interoperable and futureproof solutions: 1 of only 5 full providers certified by GSMA SAS
- 100% telecoms-focused since 1997

Workz has risen up in their completeness, partnership, platform capabilities and geo reach to become one of the top players globally.

Neil Shah, VP at Counterpoint Research

Unified eSIM management

MeSH features

Multi eSIM Hub (MeSH) solution provides you with the following capabilities:

- ✓ Multi-tenant system that integrates existing eSIM platforms
- ✓ Single interface with full profile management, automation and consolidated reporting
- ✓ Send QR code via email feature
- ✓ Enables tenants to self-administrate
- ✓ Each tenant's data partitioned for full security
- ✓ Customisable interface with white labelling

Why MeSH?

MeSH is available as a plug-and-play cloud-based platform or onsite deployment that provides you with advanced eSIM management capabilities:

Competitive advantage

Gain the edge with a platform-agnostic, interoperable solution that provides you complete freedom and flexibility

Redundancy

Ensure continuity with enhanced system redundancy and geo-redundancy

Efficiency

Streamline time and cost of managing all tenants and sales channels

Unlock your eSIM management platform and supercharge subscriber growth with MeSH.
